

FLAGSTAFF COUNTY POLICY

Title: Dust Suppressant	Policy: PW 002
Section: Public Works	

ACCOUNTABILITY TO VISION STATEMENT

The use of Dust suppressant measures minimizes the driving hazards created by dust and potentially reduces road maintenance costs. It also mitigates the impact of dust on the quality of life of citizens on gravel roads as well as on vegetation, wildlife habitat and water bodies.

POLICY STATEMENT

Flagstaff County will have an affordable dust suppressant program that is environmentally responsible, contributes to a safe road network and minimizes the impact of dust on the environment and the quality of people's lives.

DEFINITIONS

Dust Suppressant: A product or a process that reduces dust on gravel roads.

DUST SUPPRESSANT PRODUCTS

1. Flagstaff County will use only licensed and approved products.
2. Every two years Flagstaff County will review available products to determine whether they are effective, affordable and environmentally suitable.
3. Specific roads will be designated, in procedure, to be maintained with a road surface or sub-grade stabilization product to help reduce the frequency of maintenance.
